# DURAMAX L5P 6.6L DCR OEM REPLACEMENT FUEL INJECTORS

Part # 9976-GN

## True OEM Equivalent Remanufactured & 100% Tested

PurePower's remanufactured Duramax L5P fuel injectors deliver OEM-style performance. Assembled in a Class 100,000 clean room and matched with IQA coding, each injector is fully tested for leakage, pressure, delivery, and timing. Built with 100% new O-rings and hardware, they meet OEM emissions specs and ensure reliable fuel system performance.

### Engine Compatibility

GM Duramax 6.6L L5P (2017-2023)

### Replaces

GM: 12674615, 12678992, 12696966, 12698552  
Denso: DXD 51708, DXD 52206

## The PurePower Advantage

- Assembled in a class 100,000 clean room
- Advanced end-of-line testing of every injector checking leaks, injection pressure, fuel delivery, and timing
- True OEM-equivalent reman
- 100% new O-rings and hardware
- 100% testing of nozzles for leakage and flow
- Meets OEM emissions specifications
- Tested in our factory for optimum reliability, durability, and performance
- Factory matched IQA coding for plug & play installation

## Applications

- Towing / hauling
- Fleet service
- Off-road / harsh environments
- Daily-use L5P reliability upgrades
- Performance shop builds

## Unsurpassed Value

PurePower Technologies is the leader in engineering and remanufacturing of diesel fuel injectors and turbos for OEMs and the aftermarket, having produced more than 30 million precision diesel fuel injectors since 1999. PPT offers assembly, remanufacturing and 100 percent end-of-line testing for high-quality injectors for light and medium diesel truck engines.
